With 3+ years of experience working on web and mobile platforms, I focus greatly on providing the best experience to the end users. Internally, I take performance, scalability, clean code & architecture seriously. I'm an expert in modern technologies like ReactJs, Flutter, Git/Github and Google Products such as Firebase and Cloud. I'm also the co-founder of <https://kivifood.app>, an on-demand food delivery startup.

## EXPERIENCE
