EDUCATION

University of Benin   Edo, Nigeria
Major: Bachelor of Engineering, Computer Engineering   Expected Graduation: November 2022

- Relevant Coursework: Telecommunication principles, Assembly language programming, Introduction to Software Engineering, Control system theory, Computer architecture and organization, Engineering mathematics, Data Structures and Algorithms

WORK EXPERIENCES

OurPass   Lagos, Nigeria (Remote)
  Mobile Developer   April 2022 – Present

Kivifood   Lagos, Nigeria
  Co-founder/Software Engineer   April 2021 – March 2022

- My role includes project management, engineering, and general operations
- Implemented an image optimization pipeline that resizes, compresses, and caches images. This, in turn, reduced our image load time by 67%
- Implemented a simple alerting system integrated with Slack which allowed us to distribute incident information to both customers and the operations team, increasing the efficiency of our day-to-day operations
- Integrated and setup CI/CD pipeline to automate testing and deployment to app stores

Gofast International   Lagos, Nigeria
  Software Developer   January 2020 – October 2020

- Rebuilt the Gofast mobile payment app
- Built an internal admin panel for tracking app metrics and KPIs such as Acquisition, Engagement, Payments & Transactions
- Implemented a minimal support ticketing and dispute resolution system

SKILLS

Programming Languages: Dart, Typescript, Javascript

Mobile: Flutter, React native

Frontend: HTML, CSS3, Reactjs, Nextjs, Redux, Recoiljs, Styled-components, Tailwindcss

Testing/DevOps: Jest, Mocha, Flutter Testing Library, Git, Github Action, Jenkins, Circle CI

Others: REST API, Graphql, Firebase & Google Cloud Platform

SELECTED PROJECTS

Expense Bud
- Built a fully offline expense tracking application using Flutter, Clean Architecture, and MVVM pattern – https://github.com/iamstanlee/expense_bud

Kivifood
- An on-demand food delivery app
- https://kivifood.app

Linkfy_Text
- Developed a lightweight flutter package to linkify texts containing URLs, emails and hashtags like Twitter does – https://github.com/iamstanlee/linkfy_text

ACTIVITIES / LEADERSHIP

Mentor – Andela learning community

- Mentored and Assisted participants of Google/Pluralsight scholarship on the Mobile/Web track
